October 2017

Dear author,

Owing to the number and quality of some of the papers presented at the 5<sup>th</sup> National Conference of Green Chemistry and Sustainable Development, the Editorial Board of the Global NEST Journal (JRC, ISI) has agreed on producing a special issue on Green Chemistry and Sustainable Development scheduled for **Fall 2018**.

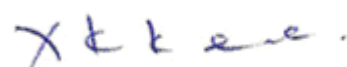

We are pleased to invite you to submit a **mini review or a research paper** in the special issue (following peer review process).

If you are interested in having your paper included in the reviewing process for this special issue, you are kindly requested to inform me ([karapanagioti@upatras.gr](mailto:karapanagioti@upatras.gr)) as soon as possible (no later than **November 21<sup>st</sup> 2017**) and produce a full manuscript of your paper according to Journal's instruction (<https://gnest-journal.aegean.gr/node/23>). The full manuscripts should be submitted to the Journal no sooner than **30<sup>th</sup> October 2017** and no later than **30<sup>th</sup> April 2018** and should include more elaborated study and data analysis than the ones in the conference proceedings.

In order to proceed with the online submission of your paper, you should first register to the Global NEST Journal's website (<https://journal.gnest.org/>). After logging-in, you will be able to submit your manuscript. Please make sure to choose "S.I.: GREEN CHEMISTRY AND SUSTAINABLE DEVELOPMENT" in the Topic field. Then, you need to let me know the submission number via email.

The final acceptance of your manuscript will be subjected to the decision of the guest and executive editors. Should you have any question, please do not hesitate to contact me.

Best regards,

Hrisi K. Karapanagioti,

Guest Editor on behalf of Global NEST Journal Editorial Board

and the rest of the GREEN CHEMISTRY AND SUSTAINABLE DEVELOPMENT guest editors
